

Coco Wall Nests/Coco Backgrounds

Our Coco Wall Nest is a versatile nesting solution designed to provide a cozy nesting space for birds and small amphibians. It is meticulously crafted using 100% natural coconut coir and latex for durability. This birdhouse is suitable for both outdoor and indoor use, and it can be easily attached to an inside wall.

The Coco Wall Nest is handcrafted with strong and durable natural coconut fibers. It comes in various designs and includes a convenient hanging rope for easy wall mounting. The combination of coconut coir and latex ensures the nest's longevity and stability, providing a safe and secure home for nesting birds.

When installed indoors, the Coco Wall Nest creates an inviting and natural habitat for birds to nest, breed, and rest. It offers a comfortable environment with insulating coconut fibers, while the latex binding enhances durability. The nest's design and earthy tones of the coconut fibers contribute to a rustic and organic aesthetic, blending harmoniously with any indoor setting.

Choose our Coco Wall Nest as a functional and long-lasting nesting solution for birds and small amphibians. Whether installed indoors or outdoors, it provides a safe nesting space and adds a natural touch to your surroundings.
