

## Coconut Husk Chip Product Range

Husk Chips are a flooring solution made exclusively from natural coconut husk chips. They are available in the form of husk chip blocks, briquettes, and loose husk chip bags.

One of the notable features of Husk Chips is their exceptional moisture absorption capabilities. They create an optimal environment for pets and reptiles by effectively managing moisture and preventing dampness, ensuring a dry and comfortable habitat.

Husk Chips also offer a level of softness that provides cushioning and comfort for pets. This makes them suitable for various animals, including lizards, tortoises, snakes, iguanas, turtles, and frogs, creating a healthy and nurturing environment for their well-being.

In addition to their functional benefits, Husk Chips prioritize environmental consciousness. Being made solely from natural coconut husk chips, they contribute to the sustainable use of resources and minimize environmental impact.

Choose Husk Chips for an eco-friendly flooring option that is practical and suitable for creating a comfortable habitat for your pets and reptiles. Experience the benefits of moisture control, softness, and environmental responsibility with Husk Chips.

### Advantages:

- Excellent moisture absorption.
- Provides comfort and cushioning.
- Made from natural coconut husk chips.
- Suitable for a variety of pets and reptiles.
- Easy to use and maintain.
